PROFILE

As an experienced software developer with over 3 years of project-based experience, I am known for my strong work ethic, attention to detail, and excellent communication skills. I am passionate about using technology to enhance quality of life, dedicated to continuous learning and progress in software development.

TECHNICAL SKILLS

Frontend Development

- **Languages:** JavaScript, TypeScript, HTML, CSS
- **Frameworks:** Vue.js, Bootstrap, Tailwind CSS

System Architecture & DevOps

- Scalable software architecture design
- Performance optimization and database indexing
- Infrastructure automation and CI/CD deployment

Robotic Process Automation (RPA)

- **Tools:** UiPath Studio
- **Experience:** Automating workflows for improved efficiency

Backend Development

- **Languages:** Java, .NET, Node.js, Vue.js
- **Frameworks:** Spring Boot, Spring Data, Spring Security, Spring Batch
- **Database:** PostgreSQL, MySQL, MongoDB
- **API Development:** RESTful APIs, Microservices Architecture
- **Infrastructure & Deployment:** SIT, UAT, and Production environments using Digital Ocean, GitHub Actions and Docker

Performance & Testing

- **Performance Testing:** Gatling, JMeter, Java for load and stress testing
- **Unit & Integration Testing:** JUnit, Mockito, Postman

PROFESSIONAL EXPERIENCE

Senior Programmer | DIR ACE Technology | Yangon, Myanmar (April 2023 - Present)

- Developed scalable backend solutions for web applications used by local clients.
- Designed and implemented new features, ensuring performance and security best practices.
- Integrated third-party APIs, including **online payment gateways**.
- Managed **release cycles**, deployment, and continuous maintenance of web applications.
- Automated infrastructure for **integration testing and deployment**.
- Conducted research and development to improve system performance.
- Created technical documentation for software releases.

Key Projects:

- Stock Exchange System (YSX) - Maintenance
- [Japanese-Language Proficiency Test \(JLPT\)](#). (Individual)
- [Japanese-Language Proficiency Test \(JLPT\)](#). (Organization)
- Examiner Allocation Management System

Key Technologies: Java, Spring Boot, PostgreSQL, Docker, REST APIs

Project Supervisor | ACE Inspiration | Yangon, Myanmar (Jun 2023 - Present)

- Supervised and mentored 25+ students in backend development projects.
- Provided hands-on guidance in Java, Spring, MySQL, and Git/GitHub workflows.
- Led students in designing real-world applications, covering problem-solving, time management, and software development best practices.
- Oversaw projects including:
 - **Online Bus Ticket Service**
 - **Online Hotel Booking System**
 - **Point of Sale System**

On-Job Training | ACE Inspiration | Yangon, Myanmar (Dec 2022 – Mar 2023)

- Contributed to the development of a Project Management System as part of a competitive training program.
- Worked in a collaborative team environment to deliver an efficient and user-friendly software solution.
- Achieved first place in the competition for outstanding contribution and software quality.

Key Technologies: Java, Spring Boot, MySQL, Git

CERTIFICATES

- **Programming Fundamental – ACE Inspiration (Nov 2021 – Dec 2021)**
- **Web Application Development – ACE Inspiration (Dec 2021 – April 2022)**
- **On Job Training – ACE Inspiration (Dec 2022 – Mar 2023)**

EDUCATION

(Interrupted by the COVID-19 pandemic and a military coup.)

STRENGTHS

- **Quick Learner** – Adapts rapidly to new technologies and backend frameworks.
- **Innovative Thinker** – Tackles complex backend challenges with creative solutions.
- **Mentorship & Leadership** – Guides teams to success through collaboration and knowledge sharing.
